

Accumax
Global Pty Ltd

Providing solutions to manage & reduce RISK!

Case Study:

BHP South Flank Mine

Client

BHP South Flank Mine

Location

Newman, WA

Date

February 2021

Timeline

4 week delivery

Scope

Accumax provided a full workshop startup kit for their new Mobile Maintenance Workshop as well as a complete signage package for the fixed plant conveyor system.

Accumax are very proud to be a part of this start of the art multi-billion dollar workshop and plant.

Outcome

From Accumax's initial site visit to delivery to site, the entire project was turned around within 4 weeks.

Workshop products were specifically for a busy workshop environment, consisting of the below:

- Load Rated Stackable Blocks
- Dozer Maintenance Mats
- Floor protection product, dozer ripper & blade rest pads
- Truck tray rest blocks
- Spill Kits and oil Storage Bunds
- Flammable Storage Cabinets
- Safety Shower & Eyewash units
- Cable Covers
- Safety Signage
- Plus much more in our expansive range of unique safety products
