MAXSafe

Traffic and Road Signs help direct vehicle and pedestrian traffic on roads and freeways or around buildings and other facilities. It helps ensure smoother and safer traffic flow among motor vehicles, people and even wildlife.

Accumax Global's wide range of Traffic and Road Signs ensure compliance with Australian Standards and other relevant regulations. All of our signs are manufactured using quality substrates and UV stable inks, ensuring durability even in extreme outdoor conditions.

LED ENHANCED WARNING SIGNS

RADAR ACTIVATED Flashes while pedestrians are crossing

LED ENHANCED WARNING SIGNS

Set the sign to flash and have the benefit of grabbing viewer's attention enhancing the static signs. Flashing also reduces the already low power consumption of LED illumination.

FEATURES

- ✓ Strut mountings are the same as standard road signs
- ✓ IP65 water & dust rating
- ✓ Light sensor. Varies brightness of LEDs to suit local conditions & increases battery life
- ✓ Internal solar & battery kit
- ✓ Radar movement activated
- ✓ Solar powered or 12/240 V

Our LED Enhanced Warning Signs are ideal for full outdoor visibility and available in a range of sizes. Perfect for pedestrian crossings on main roads.

Great For:

- ✓ Aged Care
- ✓ Transport Hubs
- ✓ Logistics Facilities
- ✓ Car Parks
- ✓ Airports & Ports
- ✓ Retirement Villages
- ✓ Retail Environments
- ✓ Council Roads
- ✓ Hospitals
- ✓ High Traffic Areas

NUMBER PLATE RECOGNITION CAMERA

NUMBER PLATE RECOGNITION CAMERA

The Hi-Vis ANPR is a fully integrated Automatic Number Plate Reading (ANPR) camera system and is the latest development in cost effective smart ANPR camera technology. This ANPR has been selected for use by many Police forces, local authorities and car parking management companies.

Our Number Plate Recognition Camera is a fully modular system, giving users the ability to select the features and functions they require to meet their end requirements.

FEATURES

- ✓ Dual lane capability, up to 6.1m field of view from a single unit
- ✓ Utilise smart high definition CCD cameras with full dual lane field of view capability
- ✓ Integrated ultra high intensity LED illumination and world renowned ANPR software
- ✓ Transmit data to multiple hosts for cost-effective resource sharing

INCLUSIONS

- ✓ Infra-red high definition ANPR camera for 24/7 operation
- ✓ High-resolution colour overview camera option
- ✓ On-board processor & integrated ANPR software
- ✓ High power infra-red LED illumination
- ✓ 3G, GPRS & ethernet communication
- ✓ Data encryption, GPS module & image cropping
- ✓ Day/night sensor option for night time overview images

For Traffic Management

- Fully UTMC compliant, this ANPR is utilised by local authorities and highways agencies for journey time information, traffic flow monitoring and origin/destination information
- For car park monitoring, use worldwide with a number of car park management systems
