

STAY SEEN, KEEP COOL

HI-VIS COOLING VEST

FEATURES

- ✓ Maintains a dry, comfortable 59°F / 15°C for up to 2.5 hours in 100°F / 38°C
- ✓ Dry and clean, not soggy and soaking wet like evaporative products
- ✓ Weigh only 0.6 lbs (vest without Gel Pouches)
- ✓ Vest is flexible and can absorb condensation

The CoolWorker High-Visibility Colling Vest stands out with a neon color and reflective strips that will help ensure that you are seen. Perfect for providing both cooling relief and additional safety while working in low light environments.

To use High Visibility Cooling Vests, simply insert fully chilled gel pouches into each pocket of the vest.

GEL COOLING POUCHES

Gel Cooling Pouches can be fully chilled using freezers, refrigerators, or by submerging into ice water in coolers or sinks.
