## GAS CYLINDER CAGES

The MAXSafe Gas Cylinder Storage Cages are a cost effective way of providing a lockable enclosure for storing gas cylinders vertically and fully complying with AS/NZS 1596 and AS4332.

There are 6 types available to cater for all circumstances, and are also suitable to be utilised for aerosol storage as well.

All cages come with relevant signage and magnetic door closures for safety.

- ✓ Lockable
- ✓ Magnetic Door Closures
- ✓ Reduces Risk

### 4 FORKLIFT CYLINDERS
