MAXSorb® Absorbents are a premium range of granular and woven absorbents, suitable for use in a wide range of industries and applications.

MAXSorb® Absorbents have become the preferred absorbent in many cutting edge workshops, from mining to aviation and large industrial sites.

MAXSorb® Absorbents can assist in cleaning up and containing spills on your site, whether on land, water, or right in your workshop.

MAXSORB® KITS

4 Excellent Reasons Why MAXSorb® Kits are the Market Leader

Seals

Removable and reuseable seals to keep unwanted rubbish and debris out.

Labels

Colour coded labels for easy identification of which spill kit to use.

Re-order form

Kit contents and instructions for each product with quantities and reorder columns.

Instructions

Six clear and safe steps with pictures, to efficiently and effectively clean up any spill.

Spill Kit Identification Labels

Oil & Fuel

Oil and fuel absorbents take on board any hydrocarbon such as - petrol, diesel, oil, fuel, solvents etc. They are also designed to repel water, making them ideal for oil and fuel spills in any situation on land or water.

General Purpose

General purpose absorbents are universal in that they can soak up oils and fuels, solvents, coolants, water-based liquids and mild chemicals, making them an excellent addition to any spill response kit.

Hazchem

Hazchem Absorbents are specially formulated to quickly and effectively absorb chemicals and hazardous liquids, including water-based chemicals. A must-have for any site storing or handling chemicals, helping maintain a safer and more compliant workplace.

Marine

Marine oil and fuel absorbents are ideal for taking hydrocarbons off the surface of any body of water. They will still float even when fully saturated, giving you the means to tackle any size oil and fuel spill. Marine kits can be customised to suit any requirements, and bulk absorbents can be supplied on their own.

Oil & Fuel Spill Kits

40L Oil & Fuel Spill Kit

Product Code: MAX-40HC

- » 1 x 75mm x 1.2m absorbent miniboom
- » 20 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 1 x elbow length PVC gloves
- » 1 x heavy duty printed disposal bag
- » 1 x 40L PVC labelled carry bag
- » 1 x laminated instructions including re-order form

80L Oil & Fuel Spill Kit

Product Code: MAX-80HC

- » 4 x 75mm x 1.2m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 2 x heavy duty printed disposal bags
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 1 PVC labelled carry bag
- » 1 x laminated instructions including re-order form

120L Oil & Fuel - Econo Kit

Product Code: MAX-120EHC

- » 2 x 75mm x 1.2 absorbent minibooms
- » 25 x 400mm x 450mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x brush and pan set
- » 1 x elbow length PVC gloves
- » 2 x heavy duty printed disposal bags
- » 1 x 120L labelled wheelie bin
- » 1 x laminated instructions including re-order form

120L Oil & Fuel Spill Kit

Product Code: MAX-120HC

- » 3 x 75mm x 3.0m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 4 x printed disposal bags
- » 1 x 120L labelled wheelie bin
- » 1 x laminated instructions including re-order form

240L Oil & Fuel Spill Kit - Econo Kit

Product Code: MAX-240EHC

- » 2 x 75mm x 3.0m absorbent minibooms
- » 2 x 75mm x 1.2m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x brush and pan set
- » 2 x elbow length PVC gloves
- » 4 x heavy duty printed disposal bags
- » 1 x 240L labelled wheelie bin
- » 1 x laminated instructions including re-order form

240L Oil & Fuel Spill Kit

Product Code: MAX-240HC

- » 7 x 75mm x 3.0m absorbent minibooms
- » 100 x 410mm x 460mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep (or similar)
- » 1 x industrial brush and dust pan set
- » 2 x elbow length PVC gloves
- » 8 x heavy duty printed disposal bags
- » 1 x 240L labelled wheelie bin
- » 1 x laminated instructions including re-order form

400L Oil & Fuel Spill Kit

Product Code: MAX-400HC

- » 7 x 75mm x 3.0m absorbent minibooms
- » 200 x 410mm x 460mm absorbent pads
- » 2 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 2 x elbow length PVC gloves
- » 8 x heavy duty printed disposal bags
- » 1 x 240L labelled wheelie bin
- » 1 x laminated instructions including re-order form

770L Oil & Fuel Spill Kit

Product Code: MAX-770HC

- » 10 x 75mm x 3.0m absorbent minibooms
- » 10 x 75mm x 1.2m absorbent minibooms
- » 400 x 410mm x 460mm absorbent pads
- » 5 x absorbent pillows
- » 1 x absorbent roll
- » 2 x 15kg MAXSorb Premium Floorsweep
- » 1 x brush, broom, and pan set
- » 1 x spark proof shovel
- » 4 x elbow length PVC gloves
- » 4 x clear glasses, 4 x overalls
- » 20 x printed disposal bags
- » 1 x 660L labelled wheelie bin
- » 1 x laminated instructions including re-order form

Oil & Fuel Absorbents

Oil & Fuel Absorbent Pads

MAXSorb Oil & Fuel Absorbent Pads are a hydrophobic absorbent, ideal for absorbing hydrocarbons, while repelling water. Perfect for small spills and leaks.

Product Code	Description	Quantity
MAX-HPH4545	380gsm Oil & Fuel Absorbent Pads	100 pack
MAX-HPL4545	200gsm Oil & Fuel Absorbent Pads	200 pack
MAX-HPL4545-100	200gsm Oil & Fuel Absorbent Pads	100 pack

Oil & Fuel Minibooms

MAXSorb Oil & Fuel Absorbent Minibooms have been designed to absorb hydrocarbons while repelling water, preventing contamination.

Product Code	Description	Size
MAX-HB7512	Oil & Fuel Miniboom	75mm x 1.2m
MAX-HB7530	Oil & Fuel Miniboom	75mm x 3m

Oil & Fuel Absorbent Roll

MAXSorb Oil & Fuel Absorbent Rolls feature hydrophobic absorbent material that quickly absorbs oils, fuels and hydrocarbons while repelling water. Available in two widths, these rolls fit perfectly on our roll dispensers for easy and efficient spill control.

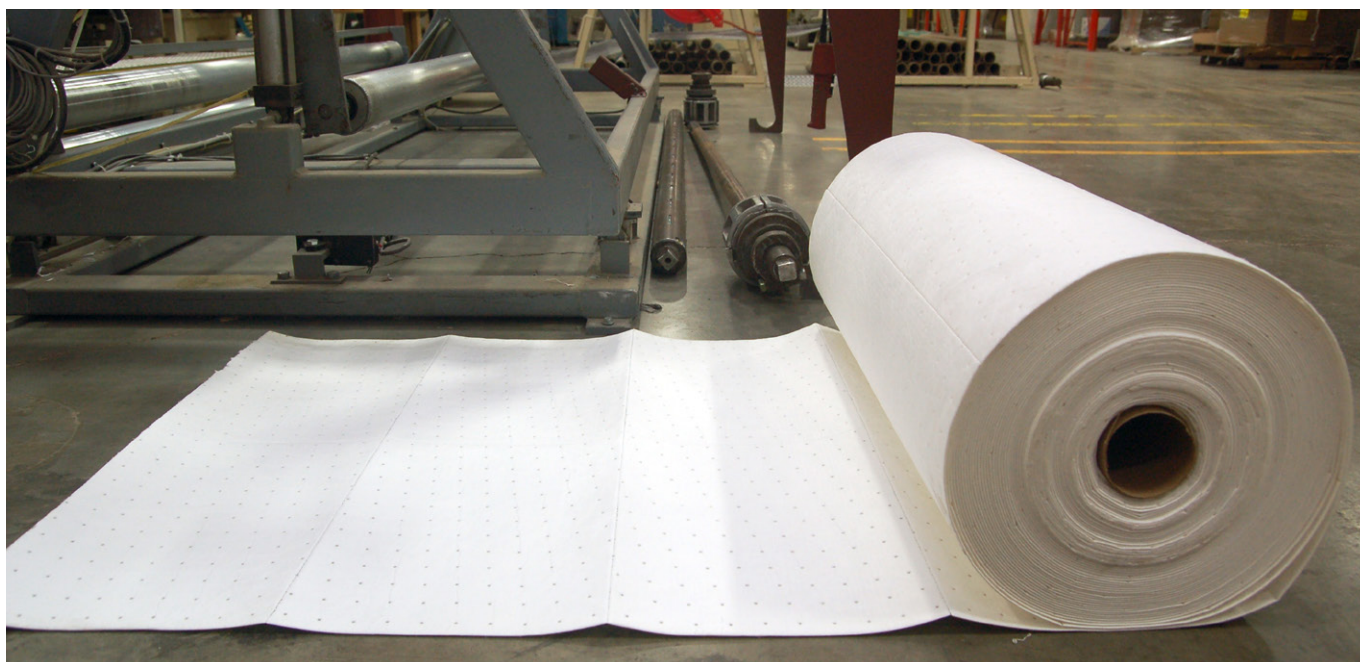

Product Code	Description	Size
MAX-HRL50100	Oil & Fuel Absorbent Roll - 200gsm	810mm x 61m
MAX-HRL5045	Oil & Fuel Absorbent Roll - 200gsm	410mm x 61m

Oil & Fuel Pillows

MAXSorb Oil & Fuel Pillows offer a high level of absorbency, allowing large spills in concentrated areas to be contained. The hydrophobic absorbent focuses on hydrocarbons while repelling water.

Product Code	Description	Size
MAX-HPIL	Oil & Fuel Pillow Large	460 x 460mm
MAX-HPIM	Oil & Fuel Pillow Medium	250 x 250mm

Marine Spill Kit & Absorbents

240L Marine Spill Kit

- » 3 x 3m x 200mm marine boom with snap hook
- » 60 x 410mm x 460mm perforated absorbent pads
- » 1 x product instruction sheet including re-order form
- » 2 x elbow length PVC gloves
- » 8 x heavy duty disposable bags
- » 1 x 240L bin with label
- » 2 x 20m ropes

Product Code	Description	Size	Weight
MAX-240MR	240L Marine Spill Kit	600mm x 700mm x 1050mm H	31kg
MAX-240MRR	Refill kit		

Marine Boom with Snap Hook

Marine Booms float on water and are designed to contain and absorb oil and fuel spills. Ideal for fast and effective spill response, they will not sink even when fully saturated with hydrocarbons. Essential spill control equipment for sites operating on or near waterways.

Product Code	Description	Size
MAX-HMB5130	Marine Boom with snap hook	130mm x 5m

General Purpose Spill Kits

40L General Purpose Spill Kit

Product Code: MAX-40GP

- » 1 x 75mm x 1.2m absorbent minibooms
- » 20 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 1 x elbow length PVC gloves
- » 1 x printed disposal bag
- » 1 x PVC labelled carry bag
- » 1 x laminated instructions including re-order form

80L General Purpose Spill Kit

Product Code: MAX-80GP

- » 4 x 75mm x 1.2m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 2 heavy duty printed disposal bags
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 1 x PVC labelled carry bag
- » 1 x laminated instructions including re-order form

120L General Purpose Spill Kit

Product Code: MAX-120GP

- » 3 x 75mm x 3.0m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 2 x heavy duty printed disposal bags
- » 1 x 120L labelled wheelie bin
- » 1 x laminated instructions including re-order form

240L General Purpose Spill Kit

Product Code: MAX-240GP

- » 7 x 75mm x 3.0m absorbent minibooms
- » 100 x 410mm x 460mm absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 4 x heavy duty printed disposal bags
- » 1 x 240L labelled wheelie bin
- » 1 x laminated instructions including re-order form

Spill Kit Product Code	Description	Dimensions	Weight	Kit Refill Prod Code
MAX-40GP	40L General Purpose Spill Kit	500mm x 200mm x 450mm H	7kg	
MAX-80GP	80L General Purpose Spill Kit	750mm x 200mm x 700mm H	13kg	MAX-80GPR
MAX-120GP	120L General Purpose Spill Kit	550mm x 500mm x 950mm H	37kg	MAX-120GPR
MAX-240GP	240L General Purpose Spill Kit	700mm x 600mm x 1050mm H	42kg	MAX-240GPR

General Purpose Absorbents

General Purpose Absorbent Pads

MAXSorb General Purpose Absorbent Pads are ideal for smaller spills and cleanup of larger spills once they have been contained.

Product Code	Description	Quantity
MAX-GPPH4545	380gsm General Purpose Pads	100 pack
MAX-GPPL4545	200gsm General Purpose Pads	200 pack

General Purpose Absorbent Roll

Our MAXSorb General Purpose Absorbent Rolls offer the same effective absorbent qualities as our absorbent pads, but in the convenient form of a continuous roll. Ideal for cleaning up small spills and leaks, the general purpose absorbent rolls fit perfectly onto our range of roll dispensers.

Product Code	Description	Quantity
MAX-GPRL8145	General Purpose Absorbent Roll - 200gsm	810mm x 45m
MAX-GPRL5045	General Purpose Absorbent Roll - 200gsm	410mm x 50m
MAX-GPRL50100	General Purpose Absorbent Roll - 380gsm	810mm x 46m

General Purpose Minibooms

MAXSorb General Purpose Minibooms are ideal for work sites that have various forms of liquid in storage. Manufactured from heavy-duty, robust materials, these minibooms are capable of absorbing a wide range of substances.

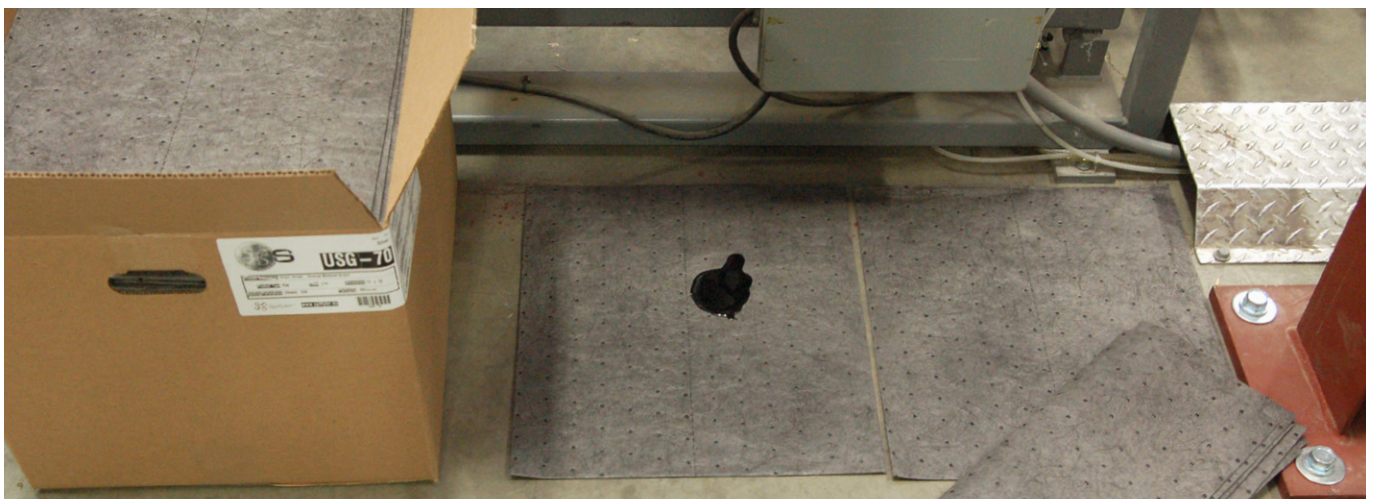

Product Code	Description	Size
MAX-GPB7512	General Purpose Absorbent Miniboom	75mm x 1.2m
MAX-GPB7530	General Purpose Absorbent Miniboom	75mm x 3m

General Purpose Pillows

MAXSorb General Purpose Absorbent Pillows are available in two sizes and provide high absorbency for larger spills in concentrated areas. Suitable for oils, coolants, solvents and water-based liquids, their compact design makes them ideal for use in tight and hard-to-reach spaces.

Product Code	Description	Size
MAX-GPPIM	General Purpose Pillow Medium	250mm x 250mm

Hazchem Spill Kits & Absorbents

40L Hazchem Spill Kit

Product Code: MAX-40HZ

- » 1 x 75mm x 1.2m absorbent miniboom
- » 20 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 1 x elbow length PVC gloves
- » 1 x heavy duty printed disposal bag
- » 1 x PVC labelled carry bag
- » 1 x laminated instructions including re-order form

80L Hazchem Spill Kit

Product Code: MAX-80HZ

- » 4 x 75mm x 1.2m absorbent minibooms
- » 50 x 10mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 2 heavy duty printed disposal bags
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 1 x PVC labelled carry bag
- » 1 x laminated instructions including re-order form

120L Hazchem Spill Kit

Product Code: MAX-120HZ

- » 3 x 75mm x 3.0m absorbent minibooms
- » 50 x 410mm x 460mm perforated absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 4 x heavy duty printed disposal bags
- » 1 x 120L labelled wheelie bin
- » 1 x laminated instructions including re-order form

240L Hazchem Spill Kit

Product Code: MAX-240HZ

- » 7 x 75mm x 3.0m absorbent minibooms
- » 100 x 410mm x 460mm perforated absorbent pads
- » 1 x 10kg MAXSorb Premium Floorsweep
- » 1 x industrial brush and pan set
- » 2 x elbow length PVC gloves
- » 8 x heavy duty printed disposal bags
- » 1 x 240L labelled wheelie bin
- » 1 x laminated instructions including re-order form

Spill Kit Product Code	Description	Dimensions	Weight	Kit Refill Prod Code
MAX-40HZ	40L Hazchem Spill Kit	500mm x 200mm x 450mm H	7kg	
MAX-80HZ	80L Hazchem Spill Kit	750mm x 200mm x 700mm H	13kg	MAX-80HZR
MAX-120HZ	120L Hazchem Spill Kit	550mm x 500mm x 950mm H	37kg	MAX-120HZR

Hazchem Absorbents

Hazchem Absorbent Pads

Hazchem Absorbent Pads are manufactured using the latest ultrasonically bonded, perforated design to deliver exceptional absorbency and versatility. Designed to absorb a wide range of chemicals and hazardous liquids in industrial workplaces. Each pad tears in half, allowing for more efficient use on smaller spills.

Product Code	Description	Quantity
MAX-HZH4545	380gsm Hazchem Pads	100 pack
MAX-HZP4545	200gsm Hazchem Pads	200 pack

Hazchem Minibooms

MAXSorb Hazchem Minibooms are able to retain their shape and strength when absorbing harsh chemicals, ensuring safe and easy disposal.

Product Code	Description	Quantity
MAX-GPRL8145	General Purpose Absorbent Roll - 200gsm	810mm x 45m
MAX-GPRL5045	General Purpose Absorbent Roll - 200gsm	410mm x 50m
MAX-GPRL50100	General Purpose Absorbent Roll - 380gsm	810mm x 46m

Industrial Organic Granular Absorbent

MAXSorb MX50 Premium Floor Sweep

Features

- » Advanced compound for rapid liquid absorption
- » Biodegrades oil and fuel spills
- » Environmentally responsible
- » Lightweight, non-congealing absorbent for easy handling and efficient use in bulk.

Instructions

Cover spill with MX50 absorbent and sweep with stiff broom using sufficient absorbent until mix is dry in appearance. Remove used absorbent and dispose of in accordance with local government regulations.

Product Code	Description	Weight
MAX50-10	MAXSorb MX50 Premium Floor Sweep*	10kg
MAX50-5	MAXSorb MX50 Premium Floor Sweep*	5kg

*Do not use on strong acids and caustics!

Raising the Safety Standard.
