PRODUCT CODE: MAX-CBB02

POST HOLE: 2
DIMENSIONS: 1000 x 600 x 600mm
WEIGHT: 900kg
PRODUCT CODE: MAX-CBB03

Our **CONCRETE BOLLARD SIGN BLOCKS** are perfect for you to attach your permanent or temporary signs. The blocks are designed to withstand harsh Australian conditions, making them extremely durable and robust.

The fork pocket makes the block portable, and the sign pole sleeve means that you can change the sign to suit the application, making the block easy to re-use.

These blocks are ideal for displaying important safety information, mounting cameras, or lights, directing traffic, and preventing access to restricted areas.

Also available:
CONCRETE TIE-DOWNS
