Hazchem Absorbents 11

Industrial Organic Granular Absorbent 12

MAXSorb® Absorbents are a premium range of granular and woven absorbents, suitable for use in a wide range of industries and applications.

MAXSorb® Absorbents have become the preferred absorbent in many cutting edge workshops, from mining to aviation and large industrial sites.

MAXSorb® Absorbents can assist in cleaning up and containing spills on your site, whether on land, water, or right in your workshop.

MAXSORB® KITS

4 Excellent Reasons Why MAXSorb® Kits are the Market Leader

Seals

Removable and reuseable seals to keep unwanted rubbish and debris out.

Labels

Colour coded labels for easy identification of which spill kit to use.

Re-order form

Kit contents and instructions for each product with quantities and reorder columns.

Instructions

Six clear and safe steps with pictures, to efficiently and effectively clean up any spill.

Spill Kit Identification Labels

Oil & Fuel

Oil and fuel absorbents take on board any hydrocarbon such as - petrol, diesel, oil, fuel, solvents etc. They are also designed to repel water, making them ideal for oil and fuel spills in any situation on land or water.

Hazchem

Hazchem Absorbents are specially formulated to absorb all chemicals and hazardous liquids. It will also absorb all water-based chemicals. A must have if you are storing chemicals of any nature or capacity.

General Purpose

General purpose absorbents are universal in that they can soak up all oils and fuels, solvents, coolants, all water-based liquids and mild chemicals. An excellent addition to your spill response capabilities.

Marine

Marine oil and fuel absorbents are ideal for taking hydrocarbons off the surface of any body of water. They will still float even when fully saturated, giving you the means to tackle any size oil and fuel spill. Marine kits can be customised to suit any requirements, and bulk absorbents can be supplied on their own.

Oil & Fuel Spill Kits

40L Oil & Fuel Spill Kit

- » 1 x 75mm x 1.2m absorbent miniboom
- » 20 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 1 x elbow length PVC gloves
- » 1 x heavy duty printed disposal bag
- » 1 x 40L PVC labelled carry bag
- » 1 x laminated instructions including re-order form

PRODUCT CODE: MAX-40HC

80L Oil & Fuel Spill Kit

- » 4 x 75mm x 1.2m absorbent minibooms
- » 50 x 410mm x 460mm absorbent pads
- » 1 x 5kg MAXSorb Premium Floorsweep
- » 2 x heavy duty printed disposal bags
- » 1 x industrial brush and pan set
- » 1 x elbow length PVC gloves
- » 1 PVC labelled carry bag
- » 1 x laminated instructions including re-order form

Oil & Fuel Absorbents

Oil & Fuel Pads

MAXSorb Oil & Fuel Absorbent Pads are a hydrophobic absorbent, ideal for absorbing hydrocarbons, while repelling water. Perfect for small spills and leaks.

Product Code	Description	Quantity
MAX-HPH4545	380gsm Oil & Fuel Absorbent Pads	100 pack
MAX-HPL4545	200gsm Oil & Fuel Absorbent Pads	200 pack

MAX-HPH4545

Oil & Fuel Minibooms

MAXSorb Oil & Fuel Absorbent Minibooms have been designed to absorb hydrocarbons while repelling water, preventing contamination.

Product Code	Description	Size
MAX-HB7512	Oil & Fuel Miniboom	75 x 1.2m
MAX-HB7530	Oil & Fuel Miniboom	75 x 3m

MAX-HB7512

Oil & Fuel Pillows

MAXSorb Oil & Fuel Pillows offer a high level of absorbency, allowing large spills in concentrated areas to be contained. The hydrophobic absorbent focuses on hydrocarbons while repelling water.

Product Code	Description	Size
MAX-HPIL	Oil & Fuel Pillow Large	460 x 460mm
MAX-HPIM	Oil & Fuel Pillow Medium	250 x 250mm

MAX-HPIL

Oil & Fuel Absorbent Roll

MAXSorb Oil & Fuel Absorbent Rolls feature our hydrophobic oil & fuel absorbent material, which absorbs all hydrocarbons and repels water. Available in two different widths, these rolls fit perfectly on our roll dispensers.

Product Code	Description	Size
MAX-HRL50100	Oil & Fuel Absorbent Roll - 200gsm	810 x 61m
MAX-HRL5045	Oil & Fuel Absorbent Roll - 200gsm	410 x 61m

MAX-HPIL

Marine Spill Kit & Absorbents

240L Marine Spill Kit

- » 3 x 3m x 200mm marine boom with snap hook
- » 60 x 410mm x 460mm perforated absorbent pads
- » 2 x 20m ropes
- » 2 x elbow length PVC gloves
- » 8 x heavy duty disposable bags
- » 1 x 240L bin with label
- » 1 x product instruction sheet including re-order form

Product Code	Description	Size	Weight
MAX-HPH4545	240l Marine Spill Kit	600 x 700 x 1050mm H	31kg
MAX-240MRR	Refill kit		

MAX-HPH4545

Marine Boom With Snap Hook

Our quality marine absorbents are approved for use in quarantine areas and should be readily available on any site where work is carried out near waterways. We stock bilge rats and marine booms for rapid supply requirements.

Product Code	Description	Size
MAX-HMB3200	Marine boom with snap hook	200 x 3m
MAX-HMB5130	Marine boom with snap hook	130 x 5m

MAX-HPH4545

Bilge Rat - 400mm - Silver/White

Bilge rats are purpose built to hang in stormwater drains and inlets. They catch and absorb any passing hydrocarbons whilst repelling water. Very practical first responder to 'little' spills and easy to replace.

Product Code	Description	Size
MAX-BILR	Bilge Rat - Silver/White	400mm
