

# Ultraflex 505 Reflective Tape

EDITION 5

## Existing Tape on the Market

### Look Smarter

Is the reflective tape looking tired and worn out on your vehicle?

Let us help with our Flexible Class 1 Reflective Tape – Ultraflex 505. The reflective tape that you can cut, bend and high pressure wash! Manufactured for the mining and heavy industrial sector.

# Vehicles with Ultraflex Striping

Talk to our team today to discuss swapping your fleet over to UF505 today, and cut your maintenance costs in half!

### UF505 Ultraflex Reflective Tape

The UF505 Ultraflex Reflective Tapes have a metalised prismatic structure which means you can cut, bend and high pressure wash! The tapes are made for use in trucks, mobile equipment and other service vehicles while the competitors' products are designed for flat road signs.

# Ultraflex 505 Reflective Tape

The UF505 Flexible Class 1 Reflective Tape is designed for vehicles unlike alternative products meant for flat road signs. Our UF505 can be applied on curved surfaces and removed without leaving layers.

## COLOURS AVAILABLE

**COLOUR:** Green  
**PRODUCT CODE:** UF505G

**COLOUR:** Lime Green  
**PRODUCT CODE:** UF505LG

**COLOUR:** Yellow Gold  
**PRODUCT CODE:** UF505YG

**COLOUR:** Fluoro Orange  
**PRODUCT CODE:** UF505FO

**COLOUR:** Red  
**PRODUCT CODE:** UF505R

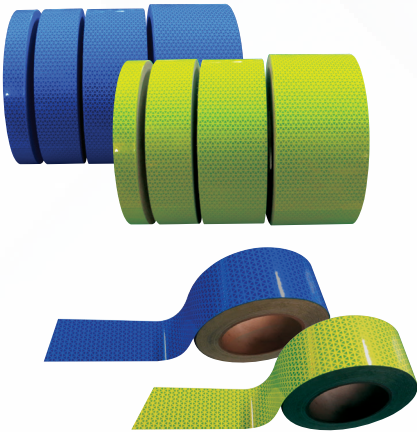

**COLOUR:** Blue  
**PRODUCT CODE:** UF505B

**COLOUR:** White  
**PRODUCT CODE:** UF505W

## ROLL SIZES AVAILABLE

Roll Size	Code Guide
50mm x 45.7m	add to Product Code: S1
75mm x 45.7m	add to Product Code: S2
100mm x 45.7m	add to Product Code: S3
150mm x 45.7m	add to Product Code: S5

300mm x 45.7m	add to Product Code: S8

To order, choose the colour and roll size needed. Use the product code of the colour then add roll size code. Example below:

**Product Selected:** Lime Green 50mm x 45.7m  
**Product Code:** UF505LGS1

## Proven Performance

The UF505 Ultraflex Reflective Tape has proven itself on mine sites, industrial sites and harsh conditions all over the world. It is the product of choice for many leading companies, as it is a practical reflective solution that lasts!

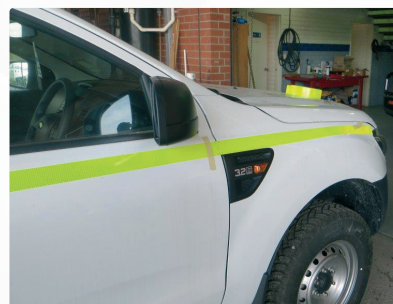

## FEATURES

- ✓ Class 1 reflective to comply with all sites
- ✓ No need for edge sealing (edges do not turn black or fray)
- ✓ Very flexible and can be applied on radical curves & corners
- ✓ Can be pressure hosed
- ✓ Impact resistant
- ✓ Can be removed without leaving layers
- ✓ Can be computer cut
- ✓ Easy to apply
- ✓ Designed for vehicles

## Easy Installation and Removal

Our Ultraflex reflective tape is simple to remove, with no scraping required, just peeling without leaving layers behind. With the tape available in a range of measurements, there is minimal cutting involved and wrapping around curves is made easy with the flexibility of the tape.

## Custom Decals

Increased equipment visibility and identification are essential for night time operation. They improve safety and efficiency with reduced accidents that lead to downtime and loss of productivity.

Accumax Global offers custom vehicle striping, numbering and decals for mining and heavy industries.
