# Mobile Hydration Station

SKU: CW-HS01

The Solar Powered Mobile Hydration Station by CoolWorker offers a superior solution for hydrating workers operating under the extreme Australian sun. It comes with a 40ltr fridge/freezer ensuring a constant supply of chilled refreshments for your personnel in remote job locations. The small footprint allows easy transport between sites.

The Hydration Station comes with a 12v 200 amp hour battery. It is charged by a solar panel mounted on top, backed by a Victron charger and MPPT.

SKU	Description	Dimensions	Battery
CW-HS01	Coolworker Solar Powered Mobile Hydration Station	1200 x 600 x 1100mm H	12v 200 amp hour, Victron charger and MPPT
