Mobile Safety Showers

Mobile Safety Shower - Solar Powered

Emergency Safety and Eyewash Stations are essential to the first aid response for hazardous contaminants coming into contact with any part of the body. Delaying treatment, even for more than 10-15 seconds after an incident could become critical.

Our solar and battery-operated stations provide an affordable and effective solution, suitable for any environment or site. Be prepared, meet compliance, and ensure that your personnel can flush away hazardous products that can cause injury.

Relying on safe work procedures and PPE to keep the team safe is not sufficient. Our emergency showers and eyewash stations are necessary backups to minimise the effects of exposure to chemicals.

Inclusions

- 1 x Skid 4 side forklift access galvanised frame
- 1 x 1250ltr Stainless steel water tank
- 1 x Water level gauge
- 1 x Insulation kit for 1250ltr Tank
- 1 x Insulation kit shower and Eye/Face wash pipe work

Available Accessories

Product Code	Description	Capacity
MAX-MSSPB	Mobile Safety Shower and Eyewash – 240volt Battery Powered	1250 Ltr
MAX-MSSPS	Mobile Safety Shower and Eyewash – Solar Powered	1250 Ltr

Product Code	Description
MAX-MSSFP	Foot Pedal for 1250 Ltr Mobile Safety Shower. Suits Solar and Battery-Operated Units.
MAX-MSSINC	Insulation Cover for 1250 Ltr Mobile Safety Shower. Suits Solar and Battery-Operated Units.

Mobile Safety Shower – 240-volt Battery Powered

Inclusive of:

- 1 x Skid 4 side forklift access galvanised frame
- 1 x 1250ltr Stainless steel water tank
- 1 x 240-volt Hi-pressure water pump
- 1 x 240-volt Hi-pressure off/on switch
- 1 x Shower activation lever
- 1 x 240-volt Control box and wiring harness
- 1 x 240-volt caravan plug unit
- 1 x Green 12-volt location light
- 1 x 240-volt to 12-volt Transformer
- 1 x Water fill point and breather unit
- 1 x Water level gauge
- 1 x Insulation kit for 1250ltr Tank
- 1 x Insulation kit shower and Eye/Face wash pipe work

Mobile Safety Shower - 40-volt Battery Powered

Mobile Safety Shower – Solar Powered

Inclusive of:

- 1 x Skid 4 side forklift access galvanised frame
- 1 x 1250ltr Stainless steel water tank
- 1 x 100-amp deep cycle battery
- 1 x Battery monitor unit
- 1 x Battery isolation switch
- 1 x Control box and wiring harness with proximity switches
- 1 x 130-watt solar panel
- 1 x Solar regulator
- 1 x Small LED pump running warning light
- 1 x Green LED location light
- 1 x Water level gauge
- 1 x Insulation kit for 1250ltr Tank
- 1 x Insulation kit shower and Eye/Face wash pipe work
