Gloves

Premium Riggers Gloves

The GUARDIA premium rigger gloves are durable natural grain leather work gloves designed to deliver reliable protection, comfort, and flexibility for demanding industrial applications.

KEY FEATURES

- » Good grip and comfort for extended wear in construction, steel work, logistics, and industrial use
- » Premium natural grain leather for durability and long service life
- » Winged thumb and elasticised back for improved flexibility and secure fit
- » Strong resistance to abrasion, tear, and puncture with reinforced cuff binding

Product Code	Description
GAD-PRG8	GUARDIA Premium Riggers Full Grain Leather Gloves, Size 8, Small
GAD-PRG9	GUARDIA Premium Riggers Full Grain Leather Gloves, Size 9, Medium
GAD-PRG10	GUARDIA Premium Riggers Full Grain Leather Gloves, Size 10, Large
GAD-PRG11	GUARDIA Premium Riggers Full Grain Leather Gloves, Size 11, X Large
GAD-PRG12	GUARDIA Premium Riggers Full Grain Leather Gloves, Size 12, XX Large

Blue and Gold Welders Gloves

The GUARDIA Blue & Gold Welders Gloves are heavy-duty leather gloves offering heat protection, durability, and comfort for welding and hot-metal work. Reinforced palm and knuckle areas, a 15 cm cuff, and a cotton liner provide added protection and insulation in high-wear zones.

KEY FEATURES

- » Royal blue split leather with reinforced gold palm and knuckles for durability and heat protection
- » 15 cm split leather cuff with cotton liner for comfort, insulation, and extended forearm protection
- » Provides good resistance to abrasion, tearing, puncture, heat, and hot metal splashes
- » Chromium VI free leather, suitable for welding, metal handling, and fabrication environments

Product Code	Description
GAD-BWG08	GUARDIA Heavy Duty Blue & Gold Leather Welders Gloves, Size 8, Small
GAD-BWG09	GUARDIA Heavy Duty Blue & Gold Leather Welders Gloves, Size 9, Medium
GAD-BWG10	GUARDIA Heavy Duty Blue & Gold Leather Welders Gloves, Size 10, Large
GAD-BWG11	GUARDIA Heavy Duty Blue & Gold Leather Welders Gloves, Size 11, X Large

Dextra Black Nitrile Gloves

The GUARDIA® DEXTRA glove is an ultra-lightweight precision glove offering a second-skin fit, excellent dexterity, and reliable grip for detailed industrial work

KEY FEATURES

- » Ultra-lightweight 15-gauge nylon/spandex liner for superior dexterity and second-skin fit
- » Sandy nitrile palm coating for enhanced grip and abrasion resistance
- » Touchscreen-compatible fingertips and breathable liner for all-day comfort
- » All-black design conceals dirt and wear, ideal for industrial, assembly, and maintenance tasks

Product Code	Description
GAD-BNTS8	GUARDIA Dextra Black Nitrile Glove, 15G Nylon/Spandex Liner, Touch Screen Compatible, EN388:2016 4131X, Size 8, Small
GAD-BNTS9	GUARDIA Dextra Black Nitrile Glove, 15G Nylon/Spandex Liner, Touch Screen Compatible, EN388:2016 4131X, Size 9, Medium
GAD-BNTS10	GUARDIA Dextra Black Nitrile Glove, 15G Nylon/Spandex Liner, Touch Screen Compatible, EN388:2016 4131X, Size 10, Large
GAD-BNTS11	GUARDIA Dextra Black Nitrile Glove, 15G Nylon/Spandex Liner, Touch Screen Compatible, EN388:2016 4131X, Size 11, X Large
GAD-BNTS12	GUARDIA Dextra Black Nitrile Glove, 15G Nylon/Spandex Liner, Touch Screen Compatible, EN388:2016 4131X, Size 12, XX Large

Gripta Red Latex Gloves

The GUARDIA® GRIPTA is a lightweight general-purpose work glove offering excellent grip, flexibility, and comfort for industrial tasks. With a 13-gauge polyester liner and textured latex palm, it delivers reliable handling in dry, wet, and light oily conditions.

KEY FEATURES

- » Seamless 13-gauge polyester liner for comfort, flexibility, and ergonomic fit
- » Textured latex palm for reliable grip in dry and wet conditions
- » Breathable, lightweight design with good abrasion resistance for all-day use
- » Ideal for general handling, construction, logistics, warehousing, and maintenance

Product Code	Description

GAD-RPTS12	GUARDIA Gripta Red Latex Crinkle Palm Glove, 13g Polyester, EN388:2016 4131X, Size 12, XX Large

Hi-Viz Sandy Nitrile Gloves

The GUARDIA® Hi-Viz is a high-visibility nitrile-coated work glove offering grip, abrasion and chemical resistance, ergonomic comfort, and enhanced hand visibility for safe, extended industrial use.

KEY FEATURES

- » Seamless 15-gauge polyester liner for comfort, flexibility, and dexterity
- » Sandy-finish nitrile palm for enhanced grip, durability, and abrasion resistance
- » Open-back, ergonomic design with hi-visibility liner for airflow, comfort, and reduced fatigue
- » Colour-coded overlock binding for easy size ID, ideal for construction, metal handling, assembly, packaging, and automotive tasks

GAD-NHVB15-12	GUARDIA Hi-Viz Yellow Nitrile Glove, 15 Gauge Polyester, Blue Sandy Palm Finish, EN388:2016 4131X, Size 12, XX Large

Disposable Nitrile Gloves

The GUARDIA Nitrile Gloves are heavy-duty, 100% nitrile disposable gloves offering puncture, chemical, and oil resistance with a comfortable, precise fit. Powder- and latex-free with textured palms, low-sweat comfort, and fentanyl- and food-contact certification, they're ideal for demanding industrial and commercial tasks.

KEY FEATURES

- » Heavy-duty 6 mil disposable nitrile glove, 100% powder- and latex-free
- » High puncture and chemical splash resistance with low-sweat comfort
- » Textured fingers and palm for enhanced grip and precision handling
- » Odour-free, fentanyl-protection certified, and food contact approved; ideal for automotive, maintenance, cleaning, food processing, hospitality, and industrial use

Cut D Anti-Impact Nitrile Gloves

The GUARDIA Cut D Anti-Impact Cut Resistant Gloves provide reliable cut protection, impact resistance, and grip for demanding industrial tasks. Featuring a 13-gauge yellow cut-resistant liner and a sandy nitrile palm coating, they balance visibility, flexibility, comfort, and abrasion-resistant grip in dry, wet, and lightly oily conditions, with reinforced thumb crotch and back-of-hand impact protection for added durability and safety.

KEY FEATURES

- » Cut D cut resistance for moderate to high cut-risk tasks
- » 13-gauge cut-resistant liner for flexibility and comfort
- » High-visibility yellow liner improves hand awareness on site
- » Single-dipped sandy nitrile palm coating for reliable grip
- » Good abrasion resistance for extended service life
- » Reinforced thumb crotch for improved durability in high-wear areas
- » Impact protection on the back of the hand for added safety
- » EN 388:2016 mechanical performance rating of 4X42DP
- » Designed for industrial, warehousing, maintenance, and general handling environments

Product Code	Description
GAD-CDIRY9	GUARDIA Cut D Anti-Impact, Cut Resistant Gloves, 13G Yellow A4 Liner, Single Dipped Sandy Nitrile Palm Coating, Reinforced Thumb Crotch, EN388:2016 4X42DP, Size 9, Medium
GAD-CDIRY10	GUARDIA Cut D Anti-Impact, Cut Resistant Gloves, 13G Yellow A4 Liner, Single Dipped Sandy Nitrile Palm Coating, Reinforced Thumb Crotch, EN388:2016 4X42DP, Size 10, Large

Hearing Protection

Disposable Foam Earplugs

GUARDIA disposable foam earplugs offer comfortable, reliable hearing protection for high-noise industrial environments, with a soft tapered foam design and corded or uncorded options.

KEY FEATURES

- » Soft polyurethane foam with slow rebound for low pressure, comfort, and secure sealing
- » Long tapered bullet shape fits most ear canal sizes and allows easy insertion
- » Class 5 hearing protection (SLC80 26 dB), tested to AS/NZS 1270
- » Available in corded or uncorded options for industrial, construction, and maintenance use

Product Code	Description
GAD-EP100	GUARDIA Disposable Corded Foam Earplugs, 26dB Class 5, Box/100pr
GAD-EPC200	GUARDIA Disposable Foam Earplugs, 26dB Class 5, Box/200pr

CLASS 5

Hard Hat, Vented, Ratchet Harness

The GUARDIA P2 respirator with valve provides effective protection against dust and particles, with a pre-moulded design, exhalation valve to reduce heat and moisture, twin head straps for a secure fit, and a pre-formed nose bridge. Certified to AS/NZS 1716, it is suitable for industrial, medical, and food-handling environments.

KEY FEATURES

- » Conforms to AS/NZS 1801:1997 safety standard
- » Vented ABS shell for airflow, impact, and UV resistance
- » Lockable single-hand ratchet and 6-point harness for fit and comfort
- » Accessory slots for earmuffs/face protection; replaceable sweatband
- » Ideal for industrial, construction, mining, and outdoor work

Product Code	Description	Colour
AM-HVR580-W	White Vented Hard Hat, ratchet harness	White

P2 Respirator with Valve

The GUARDIA P2 respirator with valve offers secure, comfortable protection against dust and particles, with a pre-moulded design, exhalation valve, twin straps, and AS/NZS 1716 certification for industrial, medical, and food-handling use.

KEY FEATURES

- » P2 particulate respirator with exhalation valve for comfort
- » Pre-moulded cup and nose bridge for secure fit
- » Twin head straps for stability
- » Metal-free, suitable for food industry
- » AS/NZS 1716 certified, ideal for dusty, welding, grinding, sanding, medical, and chemical environments
